

The weirdness continues.... Thanks to a “magical transplant” from inter-dimensional enforcer Sebastian Kess, Hailey Parrish can transform into a hawk. When someone begins dismembering hikers along the Appalachian Trail, Sebastian, and Hailey’s main squeeze Alex Sunderland, make use of her feathery talents to pursue the killer. Unfortunately, like most things in Hailey’s life, there is nothing ordinary about the assignment. Their target turns out to be maddeningly elusive, they rescue a stray dog that makes a sewage treatment plant seem pleasantly fragrant, and stopping the murders turns out to be the least of their worries. Special Attraction, the third book in the Coursodon Dimension series, combines paranormal romance, urban fantasy, a bit of science fiction and a healthy dose of quirky humor.
