

Break Me Down

Intended for readers aged 18 and older due to mature content, subject matter, language, and graphic sex. I didnt believe I had a problem, until the day I went too far and was given an ultimatum. Thirty days of therapy with the countrys premier doctor or be stripped of everything I had. The choice was obvious. I walked in defiant, but willing to do whatever I had to so I could go home. Ive seen her type a thousand times. Spoiled, privileged, out of control. She thinks getting through my program will be easy, but shes so wrong. I intend to break her down, strip her bare, and force her to see the truth. By the time Im done with her, shell never be the same. Sometimes you have to break before you can heal.
