

# You Are the Love of My Life

It is 1973 and Watergate is on everyone's lips. Lucy Painter is a children's book illustrator and a single mother of two. She leaves New York and the married father of her children to live in a tightly knit Washington neighborhood in the house where she grew up and where she discovered her father's suicide. Lucy hopes for a fresh start, but her life is full of secrets: her children know nothing of her father's death or the identity of their own father. As the new neighbors enter their insular lives, her family's safety and stability become threatened.
